

# Quantum

# Weirdness:

Technology of the future?

PUBLIC LECTURE:

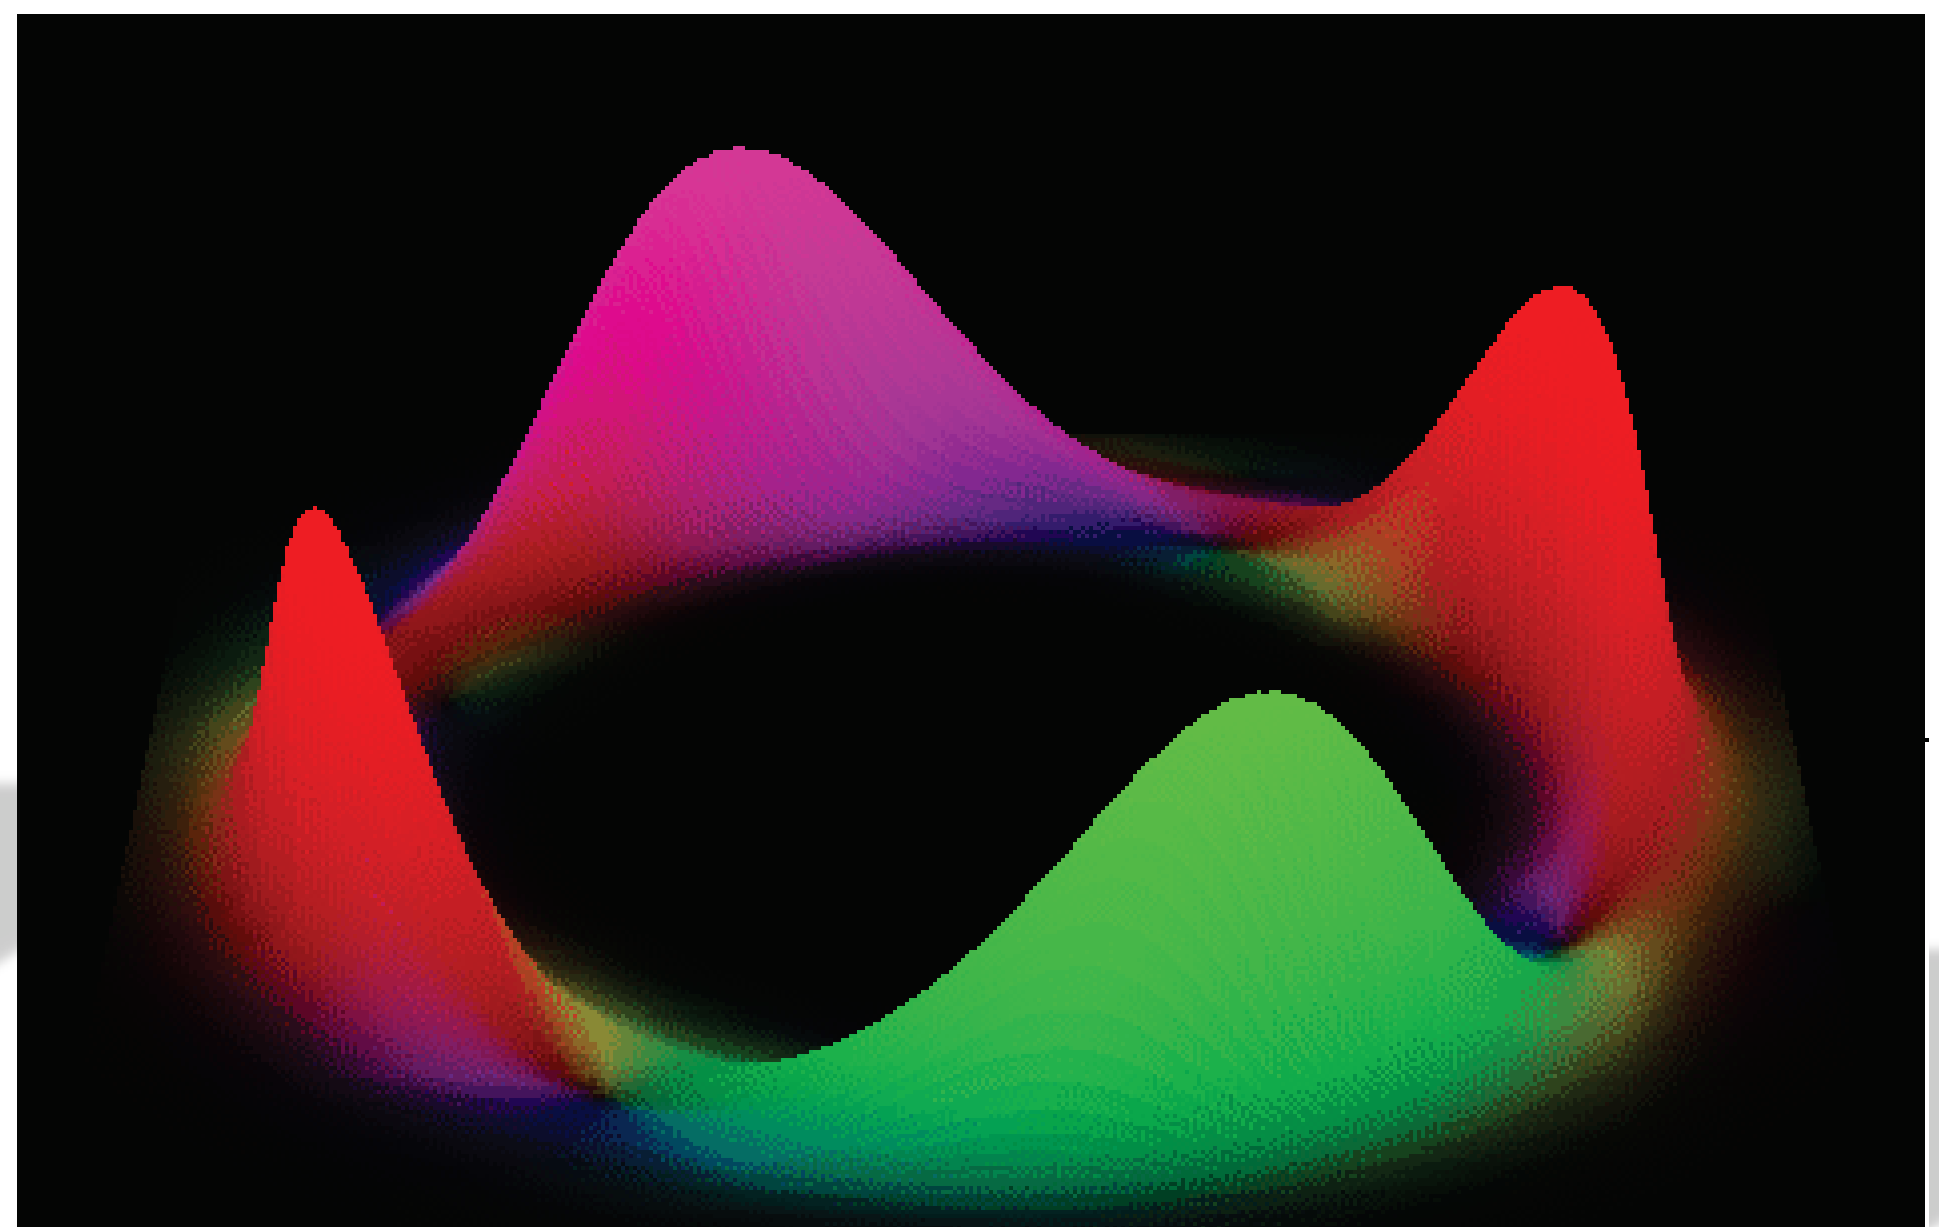

Tuesday, April 12, 2011, 5:30 p.m.

Baylor Sciences Building, B110

*Carlos Stroud*

Professor of Optics and Professor of Physics  
Director of the Center for Quantum Information  
University of Rochester

*(No prior quantum mechanics knowledge is necessary!)*

*You are also invited to attend:*

**Rydberg Electron Wave Packets:  
the classical limit of an atom**

Physics Colloquium, April 12, 2011, 3 p.m.

Baylor Sciences Building, E.125

*Contact Dr. Linda Olafsen, 710-2541 for more information*
